WHITE BEAR LAKE, MINNESOTA

FOREWORD

Another year has passed since we had the privilege of sending you our annual catalogue. The first and foremost thought is to take advantage of this opportunity to thank all our friends and customers for the liberal support you have given us in the past, for which we are sincerely grateful. Our one regret is that we have been unable to get time to answer the hundreds of letters we have received expressing delight and satisfaction with our way of filling your orders. The satisfaction so expressed adds so much to our own happiness. Multitudes of questions regarding different varieties, prices, and various problems have had to be laid aside for lack of time to make replies. We hope you will not think that this seeming negligence is only indifference on our part. By a little explanation we hope you understand, and trust this catalogue will at least answer some questions.

The existing economic conditions, the seemingly unwarranted lowering of prices of our product that represents a considerable investment, the ever-increasing cost of production, unfavorable weather conditions, increase of cost of our very existence, all seem to work hand in hand to make it more difficult for us to carry on.

In an earnest endeavor to do unto others as we wish others to do unto us, to meet our increasing obligations promptly, we have found it necessary to redouble our efforts in every way. Mentally and physically, in fact, we have found it necessary to work even beyond human endurance in order to keep down labor cost, which, in spite of all our own efforts, mounted higher this season than at any previous year. These are the reasons why we have been unable to get time for correspondence.

Some fifteen years ago, we conceived the noble idea that we should grow **all of the world's finest glads** and determined in mind, set out to do it, regardless of the price. There weren't so many real fine varieties in existence then as now. By a careful study of our catalogue—which we trust you will find time to do—you will see most of the outstanding varieties listed. We are now fully convinced that it is impossible for any one grower to have all **the best** to offer as such large numbers are introduced every year, and but few of the many turn out to be real top notchers. Besides, not everybody wants to pay the price that first year's offerings demand. In the last ten years we have discontinued hundreds of varieties for better ones. Had we continued growing all, we would have had a list of more than 1,000 instead of 341, which is the number in this catalogue, which have been carefully selected out of the multitudes we have tried out each year, adding the most highly recommended of the new varieties.

We hope you will have no difficulty in selecting such assortment of varieties from this catalogue to give the maximum of enjoyment at blooming time. We wish to assure you of our deep appreciation of your orders, and we will always do our part to merit your continued patronage.

Sincerely yours,

A. J. ANDERSON.

OUR GUARANTEE

We guarantee every bulb we sell to be true to name, up to size, free from disease and Gladiolus Thrips. Should any error occur in filling an order, we will gladly make adjustment if notified at blooming time. We cannot, however, assume any responsibility for results, as weather conditions are beyond our control. Our stock has been inspected by the proper state authorities. We hold certificate No. 3539. A copy will be attached to each shipment.

DISCOUNTS

(For cash in full with order)

On orders for \$3.00 to \$10.00 you may deduct 10%. On orders from \$10.00 to \$25.00 you may deduct 15%. On orders for \$25.00 to \$100.00 you may deduct 20%. For discounts on larger quantities, a matter of correspondence.

EXTRA

5% CASH DISCOUNT for all orders for \$5.00 or more mailed before Feb. 1, 1936, with remittance in full.

These discounts apply to everything listed in this catalogue, but not to Wholesale List or Special Quotations.

TERMS

CASH with order to get the benefit of discounts. If not convenient to send full amount on orders over \$5.00, a deposit of 25% will hold early orders till shipping time, balance to be remitted before shipping, or sent C. O. D. A little money can be saved by remitting the balance by saving the C. O. D. fees. While not entitled to the Cash Discount on these orders, we will be liberal in over-count or extras in proportion to size of order.

REMITTANCE

Remittance in the form of Postal or Express Money Orders preferred, especially in amounts of less than \$5.00, for larger amounts good personal checks will be acceptable. Postage stamps not accepted. **Minimum order \$1.00.**

ORDERS with a deposit can be held until April 1st or later if necessary. Our shipping season generally ends May 1st.

EARLY ORDERS

There are many advantages in ordering early, as our stock is then complete and you can get just what you want. Some scarce varieties may be soon sold out, later on it is well to name a second choice, as we never substitute varieties without being instructed to do so. Most of our customers are agreeable to substitute sizes in same varieties of equal value. If unable to fill an order complete we make refund promptly. **All stock offered subject to prior sale.**

SIZES OF BULBS

In common with most leading growers we offer the bulbs in three sizes: LARGE BULBS, designated in this list with Capital L, means bulbs 1 1/4 inches in diameter and larger, which is generally termed as large blooming size. (Some varieties will run greatly oversize or Jumbo bulbs.)

MEDIUM BULBS, designated by M, means bulbs 3/4 to 1 1/4 inches in diameter, which are also blooming size but come into bloom later than the large bulbs.

SMALL BULBS, designated by S, means bulbs from 1/4 to 3/4 inch in diameter and are intended mainly for growing on. However, if planted early, bulbs will bloom and make good blooming size for next season's planting.

For best immediate results we recommend the large size.

BULBLETS

The results with bulblets are more or less uncertain. Some varieties are easy to germinate and grow nearly 100%. Others again, are more difficult to get to grow, and still others seem to be very difficult to start at all, and 10% germination of some varieties is a good percentage. Much depends on weather and moisture conditions. Bulblets need lots of moisture to get well started. We offer bulblets in small quantities in this list, all **selected** for size and soundness to give best results. But we cannot guarantee that they will all grow.

PLEASE NOTICE

In making up an order, kindly mark the size of bulbs plainly with the letters **L** for large, **M** for medium, and **S** for small. It is a great help to us in writing up the order and prevents making of mistakes.

Five bulbs or bulblets may be had at the 10 rate, 25 bulbs or bulblets at the 100 rate. But no single item less than 10c, and no order for less than \$1.00.

EXTRA BULBS WITH YOUR ORDER

When you send us your bulb order, try to think of some friend or neighbor that you think would like to get our catalogue, someone who is interested in growing fine Glads that might become a good customer. Send their names and addresses along with your order. Your co-operation will be appreciated and well rewarded.

TRANSPORTATION

We prepay all shipping charges on all orders from this catalogue for over \$1.00 that are fully paid for. Our choice of Express or Parcel Post as we deem safest. However, state your preference.

REFERENCE: First State Bank, White Bear Lake, Minnesota.

Discounts apply to listing in this catalogue only.

Growers and Dealers who want to buy in larger quantities, send for our whole-sale list priced F. O. B. here. It's free for the asking.

SUNSHINE GIRL (Stevens). Clear pink with lovely yellow throat. Beautiful. Early. Sometimes comes with artistic curves. L. 2 for 12c, 10 for 50c. M. 10 for 30c. S. 10 for 15c.

TAIAROA (Miller, New Zealand). A large, salmon-pink flaked with slate, rose blotch in throat. Has a softness and richness of color most outstanding. It has a long spike with eight to ten large, well placed flowers open at one time. L. 1 for 80c. M. 1 for 60c. S. 1 for 40c. Blts. 5 for 25c.

TAKINA (Burns, New Zealand). The report comes from down under that it is the largest gladiolus grown. Massive spikes, seven to nine open florets eight inches across—not fully acclimated here yet to grow that large. Color is rosaline purple, lightly flaked a darker shade. L. 1 for \$4.00. Blts. 1 for 50c.

TARO (Kunderd). Very large flowers of deep, rich rose. An uncommon shade. Tall and strong grower. L. 2 for 12c, 10 for 50c. M. 10 for 30c.

THAIS VALDIMAR (Diener). Old rose shaded vermillion red, clear color, unusual shade not seen in any other glad. L. 2 for 15c, 10 for 60c. M. 10 for 40c. S. 10 for 30c.

THALIA (Douglas, Australia). Large exhibition, rose doree with white blotch. Have not bloomed it from large bulbs, but been highly recommended. L. 1 for 30c. M. 1 for 20c. Blts. 10 for 25c.

THE ARISTOCRAT (Bill). Pale saffron-pink flaked orange. Well placed, good size flowers on a tall spike. Uncommon color. L. 2 for 15c, 10 for 60c. M. 10 for 40c. S. 10 for 20c.

THE ORCHID (Sprague). Orchid type and color. Delicate and refined lavender shade. Many flowers, come both ruffled and lacinated. L. 2 for 12c, 10 for 50c. M. 10 for 30c. S. 10 for 15c.

THOS. A. EDISON (Kunderd). Dark, velvety red. Splendid substance. Well formed and intensely ruffled. L. 1 for 15c, 10 for \$1.20. M. 1 for 10c, 10 for 80c.

Prices Are for Prepaid Delivery.

TIP TOP (Pfitzer, Germany). Considered Pfitzer's finest 1931 introduction. The color is a brilliant scarlet with a darker feather in the throat. The spike is tall and fine with six-inch flowers. Not unusual. L. 1 for 75c. M. 1 for 50c. S. 1 for 30c. Blts. 5 for 40c.

TOA (Miller, New Zealand). Another large, husky glad from "down under." Tall, straight spike. Florets large, well placed, and many open. Color, rosy salmon with darker blotch. Strong, healthy grower. L. 1 for \$1.00. M. 1 for 60c. Blts. 4 for 25c.

TOBERSUN (Austin). A large, rich yellow. The tall, straight spike carries many well placed flowers. L. 2 for 10c, 10 for 50c. M. 10 for 30c.

TRIUMPHATOR (Krelage, Holland). A magnificent variety, with up to nine large, perfectly formed flowers on tall, strong spike, open at once. Color is a glowing orange-red, throat slightly dusted with sulphur. Early bloomer. L. 1 for 20c, 10 for \$1.60.

TROUBADOUR (Pfitzer, Germany). A clear, deep purple. Large flowers and many open. The spikes are tall and placement good. L. 1 for 15c, 10 for \$1.20. M. 1 for 10c, 10 for 80c. Blts. 20 for 20c.

TUTANEKAI (Doney, New Zealand). When grown well, this variety produces a monstrous spike of large, well placed flowers. Color is bitter-sweet orange base flecked russet-brown, center ornamented with a mottling of cream and purple. L. 1 for 25c, 10 for \$2.00. M. 2 for 30c, 10 for \$1.20. S. 10 for 80c. Blts. 10 for 25c.

PLEASE NOTE

Bulblets offered in small quantities are all hand selected, but in larger lots they are mixed sizes.

SPECIAL COLLECTIONS

For the many "Home Gardeners" that want a lot of nice flowers and don't care particularly about the name of each variety, we will make up well-balanced collections of all named varieties to include all the principal colors and shades of such kinds as we would want to grow ourselves for our own enjoyment. **But they are not labeled** as to varieties, which enables us to make a substantial saving in labor and materials. This saving we pass on to our customers. The phenomenal increase in our sales from year to year of these **unlabeled collections** proves our customers' appreciation of super-values. For a longer blooming season, we would recommend the planting of both large and medium bulbs.

No. 1—Unlabeled Collection:

100 large bulbs, 1 1/4-inch and up, in all the principal colors and shades.

100 for.....\$3.00 50 for.....\$1.75 25 for.....\$1.00

No. 2—Same collection as above in medium size bulbs, 3/4 to 1 1/4-inch:

100 for.....\$2.00 50 for.....\$1.25 25 for.....\$0.75

No. 3—Unlabeled—Special Collection:

This collection will contain more of the newer varieties and includes all most desirable colors and shades. A wonderful collection at a moderate price.

100 large bulbs for \$5.00 50 bulbs for \$2.75 25 bulbs for \$1.50

No. 4—Same as above, medium size bulbs:

100 for.....\$2.75 50 for.....\$1.50 25 for.....\$0.80

No. 5—Unlabeled Collection De Luxe:

This collection contains still a larger percentage of the newer and finer varieties, including many exhibition types, and of imported varieties. Many pleasant surprises can be expected from this collection at blooming time. Matchless value for the money. Would cost much more than double if labeled.

100 large bulbs for \$10.00 50 bulbs for \$5.50 25 bulbs for \$3.00

These collections are subject to same discount as all other listings in this catalogue.
